

# Linked by Purpose

Fuse at Mason Square delivers a peerless innovation experience by providing unparalleled access to a pipeline of talent and research to spark new ideas and solve important challenges.

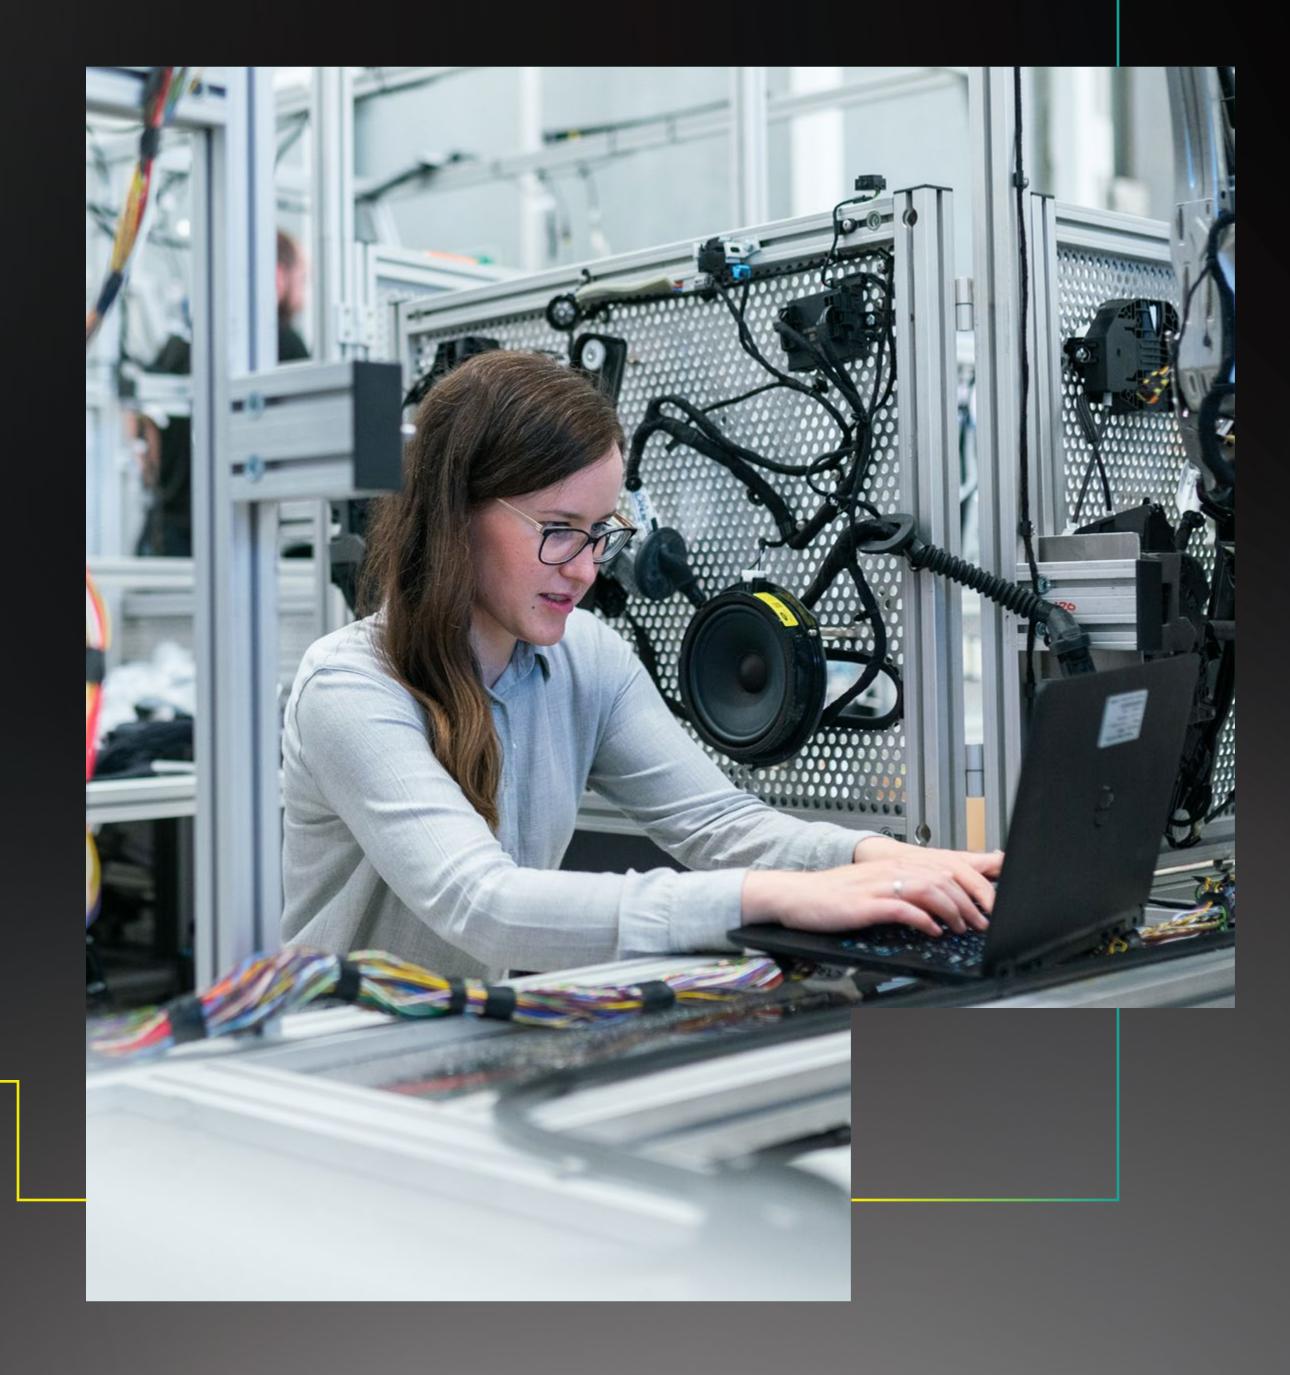

Located at the center of the Rosslyn-Ballston corridor and in conjunction with Mason, Fuse is a stateof-the-art tech hub of research and a beacon in the market for digital innovators, researchers, and entrepreneurs to interact and thrive.

By integrating collaborative workspaces and programming, Fuse promotes the exchange of new ideas and the flexible transfer of intellectual property between Mason, partners, and the tech industry to accelerate the pace of change.

## **A Peerless Innovation Experience**

Mason Square will create opportunities, promote the exchange of new ideas, provide access to talent, and drive us to solve the world's biggest challenges

- Ideally located near federal, agency, funding, and research partners
- Curated interaction between industry, research, and talent
- Built with collaborative spaces with research labs and office spaces
- Community programming space in a double-height atrium
- Designed with specialized labs for robotics, VR, simulation, security data visualization

# **A Collaborative Alliance**

As the #1 most innovative university in Virginia, Mason brings its entrepreneurial spirit to Fuse with shared space dedicated to robotics, digital arts / multi-media, data collaboration, simulation, and more.
